

- 1 ½" PVC Tubing (10 foot section)
- 2 90 Degree Elbows
- 2 Tees
- 2 End Caps
- 2-4 Steel Gutter Spikes (Long)
- 1 X 2 X 10 Firing Strips (Lowes) Cut in half.

Glue all pieces together **except** the Uprights. This allows for easy storage and replacement if shot up. Slip wood strips in uprights. Attach backer cardboard with staples or large binder clips.
